

2ND INTERNATIONAL CONFERENCE ON COMPUTATIONAL SYSTEMS AND INFORMATION TECHNOLOGY FOR SUSTAINABLE SOLUTION [CSITSS]

Instruction for Authors

PDF eXpress Login creation:

- Proof read your source document before you create the PDF.
- Visit the site <http://www.pdf-express.org/>
- Select New users and click the link
 - Use 42132X as the conference ID
 - Provide your email ID
 - Provide your password
- Continue to enter the information as prompted.

An online confirmation will be displayed for successful creation of the account after the email account verification.

The PDF eXpress account cannot be used beyond 30-09-2017.

Copyright Notice addition in CRP:

Authors must add the copyright notice as per the IEEE Copyright norm at the bottom of the accepted paper before creating the PDF and any of the following copyright notice may used accordingly–

- For papers in which all authors are employed by the US government, the copyright notice is: U.S. Government work not protected by U.S. copyright
- For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is: **978-1-5386-2044-1/17/\$31.00 ©2017 Crown**
- For papers in which all authors are employed by the European Union, the copyright notice is: **978-1-5386-2044-1/17/\$31.00 ©2017 European Union**
- For all other papers the copyright notice is: **978-1-5386-2044-1/17/\$31.00 ©2017 IEEE**

PDF Requirement:

Each PDF for IEEE Xplore® must have all of these characteristics.

1. Be PDF 1.4 (Acrobat 5) or later but not Acrobat 9.
2. Must be created with a PDF distiller¹. Scanning is not permitted (See Section 5).
3. Embeds² or subsets³ all fonts⁴. Doing so helps makes sure that the mathematics appears as intended and improves text searching in the PDF (Section 3). *Please note some TrueType fonts have a setting added by the font designer that prevents the font from being embedded and should be avoided* ⁵.
4. Does not have a password or other security settings.

5. Does not contain any bookmarks or links⁶. Links are supported now **only** by using a summary.txt, readme file, and a packing list. They appear in the IEEE Xplore® TOC as multimedia.
6. Does not contain crop marks, registration marks, date stamp, time stamp, or any other mark that does not appear in the official version of the publication.
7. Does not contain any PostScript that overrides the settings file.
8. Does not use PDF attachments.
9. Does not consist of a PDF Package or Merged PDF, a PDF 1.7 (Acrobat 8) feature.

PDF Creation with Microsoft Word:

Files created using Microsoft Office 2007 built-in PDF creation capability are supported as long as the right options are selected. *By default they are not.* Please make sure that the “**ISO 19005-1 compliant (PDF/A)**” option is checked so that the font are embedded and subset. IEEE PDF eXpress is the tool provided by IEEE to comply with IEEE PDF Requirements.
